

# Family Support

There are lots of challenges that we face in our lives and we want you to know that we are here to listen and here to help.

## One-to-one meetings

The Family Support Staff are available for you to make appointments to speak to them in private. This might be for something specific related to your child(ren) that you need help with. You might need support for yourself and need to talk. These meetings are non-judgmental, confidential and an opportunity to solve problems together. You may feel more comfortable talking on the telephone.
